Sir:

In response to the Restriction Requirement of January 24, 2008, Applicants hereby elect **Group II**, which is drawn to a component mounting method for mounting a plurality of components by moving the wafer holding table from the first component feeding position to the second component feeding position, holding and taking out the component by the second mounting head at the second component feeding position, and then returning the wafer holding table to the first component feeding position to be located there and is embodied by claims 10-13.

Applicant's note that claim 13 which was omitted in the Restriction Requirement dated January 24, 2008, should be included in Group II.

Having made the required election, a full examination on the merits of the elected group is requested.

Respectfully submitted,

Akira KABESHITA et al.
